

Lydney

Setting a new development up for success

Project Details

Client:

Location: Lydney

Sector: Residential

Date:

The shared access arterial roads for this heritage collection of properties needed to complement the blend of classic architecture of these modern, family-friendly homes.

Manufactured just a stone's throw away from the development, ChipTex was the preferred option, demarcating the shared areas from the pavements and roads.

Our ChipTex surfacing solution brings it unique effects, minimal maintenance and quick installation to any project.

If you would like to know how ChipTex can enhance your property, email Fran today: **enquiries@natratex.co.uk**.
