

West Bromwich

Coloured paving in Natratex Colour Red clearly defines this road crossing in West Bromwich.

Project Details

Client: West Bromwich

Location: 53.011337,-2.2228218

Sector: Regeneration

Date: 2017

Project Overview

Sector: Regeneration

Location: West Bromwich

NatraTex Colour Red was used in this regeneration project in West Bromwich. The contrasting surface works to clearly highlight the pedestrian crossing to all-road users and improve safety on a busy city centre road.

Feedback From Our Client

What our clients say

MeiLoc are very pleased with the NatraTex surfacing – a great appearance and finish. NatraTex really sets off the new timber school building and the warm tones create a welcoming setting for play. I would thoroughly recommend this product and look forward to working with BituChem again soon.
